

We would both like to take this opportunity thank everyone for all of their ongoing hard work and commitment on the parish council and the many organisations and groups that contribute. We also offer our congratulations to our Suffolk County Cllr on his re-election

Annual Report Suffolk Coastal District Council 2017

It has once again been a very busy year - we celebrated the Queens 90th birthday, looked at and debated devolution, published our first joint Business Plan, responded to the latest consultation re EDF, inspired people to join in on the walking festivals, won awards for our sea front gardens in Felixstowe, voted in the EU referendum, held a beach hut consultation, recycled our old furniture from the Melton Hill offices and much more. Through our ward reports we have kept you informed and up to date with all that has been going on but we would like to take this opportunity to update and remind you of a few items. As always, planning issues keep us busy and can we remind you to copy us in on any correspondence so that we can help. Please do not hesitate to get in contact with us on any other matters if we can help in any way.

We moved to Riduna Park

Suffolk Coastal moved in new office premises at Riduna Park in Melton.

The move from the previous ageing offices at Melton Hill in Woodbridge is part of the Council's continuing aim to protect the tax payer, by downsizing to reduce the Council's running costs in the future and to give staff more efficient and modern facilities to work in.

The new purpose built offices provide a contemporary and comfortable place for our staff to work and allow for improved flexible working for both staff and members and to reduce running costs.

Merger

In March 2016 Suffolk Coastal and Waveney District Council considered a paper where we looked at a possible merger, as you know both councils have been working increasingly closely, since appointing a joint Chief Executive in 2008 and the partnership has been key to the Councils' ability to make efficiency savings.

Not quite a year later both Cabinets approved the proposals at a simultaneous cabinet meeting followed by a SCDC Full Council meeting on the 26th January, a day after Waveney councillors voted in favour of the merger - where both Council Leaders recognised the significance of this decision. Both approved to create a brand new 'super district' council, delivering services to communities across east Suffolk and will now work with the Department of Communities and Local Government to begin the formal process of merger. With the Secretary of State's agreement, the new Council would then hold elections, and commence operations, in 2019. By creating a new, larger and more influential council, we will be able to keep costs down, enabling us to maintain and improve the services that local people depend on. Working in partnership has already helped the councils save over £16m

since 2010. However, further savings cannot be made unless the partnership progresses further. A new, merged, council will be better placed to address the shared challenges that both councils face.

The formal process of merger will now get underway and the Chief Executive, in consultation with the two Leaders, has submitted a written request to the Department of the Communities and Local Government. Final ratification of the decision will then be made by the Secretary of State in September 2017.

The two existing councils will then be formally dissolved with elections to the new authority in May 2019.

There is a lot of work to be done and following last year's public consultation on proposals for new constituency boundaries, the Boundary Commission for England is once again asking for your views.

Almost 20,000 responses were received during the 2016 consultation – these comments have now been published and the Commission is inviting comment on them until Monday 27 March: <https://www.bce2018.org.uk/>

After this date, the Commission will consider all representations received from both consultations and will consider whether any revisions are needed. If the Commission decides to revise the proposals, then a further consultation on the revised boundaries will take place.

The Boundary Commission for England is an independent and impartial non-departmental public body which is responsible for reviewing Parliamentary constituency boundaries in England.

Protecting the tax payer

Suffolk Coastal has vowed to develop a more commercial approach to providing services, in order to protect the local tax payer.

At its Full Council meeting on the 23rd February, Suffolk Coastal District Council agreed its budget and set its portion of the Council Tax for the coming financial year.

The Members decided that, in order to continue to provide high quality services, the Council would increase its part of the Council Tax bill for 2017/18 by 3.25%.

In real money, this equates to a rise of less than £5 for people living in a Band D property, with the Council Tax on Band D increasing by £4.95 from £152.37 to £157.32 a year.....or by less than 10p a week!

"I remain very positive about the future and believe Suffolk Coastal has a key role to play in fostering a strong economy by helping businesses develop, driving the provision of more housing, particularly extra affordable homes, and creating new jobs in the district," said Suffolk Coastal's Leader, Cllr Ray Herring.

“While east Suffolk has a robust economy, the Council has recognised the need to adopt a more commercial approach to providing services. We need to make sure we get a fair market value for services, if we are to keep council tax down and protect the tax payer.

“No one wants to pay more for services or pay more council tax. But we are faced with dwindling financial support from central Government, so we have a difficult balancing act to ensure everyone pays their fair share to support the services we provide to the community.

“By being more commercial in our approach, we create the funds to be able to invest in important community projects, such as improving our leisure centres, as well as continuing to deliver our Enabling Communities agenda to provide

essential grants and support in order to help make our communities stronger and more able to do things for themselves.”

Through its partnership working with Waveney District Council, Suffolk Coastal has already drastically reduced its staffing numbers and made joint saving of over £16million since 2010. These savings have been achieved while safeguarding frontline services provided by the Council.

“We need to build on our success and continue to drive down costs. We need to focus on how we will successfully deliver our ambitious Business Plan, while supporting the local economy,”

“We are driving forward on all fronts, from the proposed merger with Waveney District Council through to moving to new, more economical offices in Melton at no cost to the tax payer.

“There are financial challenges ahead, but we are confident we can deliver quality services, while continuing to make efficiency savings and investing in the future.”

Suffolk Coastal District Council has an annual budget of about £12 million. About £7.7million of this comes from Council Tax. Although Suffolk Coastal collects the Council Tax (on behalf of Suffolk Coastal, the County Council, Police and Town/Parish Councils), only about 10p in the pound goes towards providing our district council services.

We are also facing a steep reduction in central Government grants. Grant income from central Government has dropped from £7.4million in 2010/11 to £600,000 in 2017/18 – and is projected to fall even further in the future.

Because the district’s economy is so strong, the Council has benefited from what is called ‘incentivised income’, through New Homes Bonus and business rate retention, although there is still a projected budget gap of £2.1 million in 2018/19.

Rather than make cuts to services, Suffolk Coastal is committed to reducing its dependence on central Government grants by becoming more financially self-

sufficient, through reduced spending and becoming more business-like in order to generate the income we need to make up this shortfall.

Joint response re Sizewell.

We have also provided our response to Phase Two of the consultation on the proposed Sizewell C nuclear power station. It is fair to say, we have been disappointed with the amount of information EDF Energy have provided. Although we do support the project in principle, we cannot give it our full support without more detailed information. The onus is now on EDF Energy to provide more information about the project, and to demonstrate it has listened to our feedback (and the responses from all our communities)

Planning documents given the go-ahead

Suffolk Coastal's Full Council formally agreed to adopt the recently approved planning documents which set out site allocations for new homes in the district over the next 10 years.

The Site Allocations and Area Specific Policies Development Plan Document and the Felixstowe Peninsula Area Action Plan were considered by the Planning Inspectorate and found to be "sound" with the Inspector's report being received by the Council on 16 January 2017.

In August and September 2016, the public examination into the documents took place and identified a series of Main Modifications which were then subject to a period of public consultation. The Council has included all the Main Modifications as required by the Inspector within the documents that have been formally adopted as part of the Suffolk Coastal Local Plan.

The documents will together establish and agree the most suitable land to meet the forecast demand for housing in the district as well as considering the requirements for employment land, town centres, open spaces, infrastructure and other land use planning issues as the Council seeks to implement the Core Strategy.

The documents will now become part of Suffolk Coastal's Local Plan alongside the Council's Core Strategy which was adopted in July 2013.

Improving our leisure facilities - Leisure Centres set for transformation Suffolk Coastal has announced ambitious plans to invest in its leisure centres.

The work is part of the council's commitment to improve its leisure centre offer and to encourage more people to become more active. One of Suffolk Coastal's 10 priorities in its Business Plan focuses on the need to provide high-quality, modern leisure centres that the whole community can enjoy, with state-of-the-art equipment, that come at no additional cost to the tax payer.

The work builds on the progress made by the Leisure Strategy formed in 2014, which sets out how improvements to the leisure provision will be made across the district, over the next 10 years.

A five year programme is now being launched, with Deben Leisure Centre as the first to be upgraded, followed by Leiston and then Felixstowe. While the timetable of works is still being finalised, it is expected that refurbishments will start at Deben Leisure Centre in 2017, with the other centres following in subsequent years. Suffolk Coastal is working closely with its operational leisure partners, Places for People Leisure, to ensure that disruption is kept to a minimum and existing users receive regular communications and updates.

When our leisure centres were first built, they gave our communities a great sense of pride, such as Deben Pool which couldn't have been built without the support and hard work of local groups and residents. However, our leisure centres are now aging and need updating to today's and future standards so that

they have the best facilities and become the destinations of choice for our residents.

We want to increase the number of people using our leisure facilities and boost overall numbers of people taking part in health and well-being activities as part of our commitment to getting more people fit and active.

Implementation of Civil Parking Enforcement in East Suffolk.

We had a key decision to make on whether we should take over responsibility for parking enforcement. Suffolk is one of the few counties in England where district councils do not have this responsibility, and parking enforcement is still carried out by the police.

The lack of enforcement action is seen in communities across the district, with mounting discontent over 'unpoliced' illegal parking – in particular at pinch points around schools. There are significant safety issues associated with this and, under current arrangements, District Councils are powerless to enforce a solution. CPE would provide those powers. The law permits the responsibility for parking enforcement to be transferred from the police to local authorities and income from tickets stays with the authority, potentially enabling self-funding.

This proposal includes a range of options such as on-street pay and display or the development of new car parking facilities, and putting in place a very streamlined enforcement operation, fully integrated with our current off street parking enforcement service. There is a lot of work to be completed to implement this and we urge you to continue to report items to the police.

Funding revitalising the Suffolk Coast

Suffolk Coastal are celebrating the accomplishments achieved through the Coastal Communities Fund Programme as the team prepare to launch another project this week.

The Council received £490,000 in funding from the programme launched in 2012, which was developed to promote sustainable economic growth and jobs in coastal communities.

A wide range of projects have so far been supported to encourage more people of all ages to visit our coastline.

For kids, a new children's viewing sculpture became an iconic part of Snape Maltings last summer. The sculpture called Myriad created by artist David Rickard and architect Germano Di Chello, was created following a competition in 2016 and gives visitors a different way of looking at the landscape. After a successful summer, the sculpture is set to be moved to a new location.

A year long series of events for children, including a Children's Film Festival, was also established across independent cinemas in east Suffolk by Aldeburgh Cinema's Audience Development Project. The group have been busy organising screenings of acclaimed films as well as running creative workshops for children of all ages to get involved in. During the summer, there were 79 screenings of classic and new family films in Aldeburgh, Halesworth and Ipswich, reaching a total 4,450 people.

Home grown and locally produced food and drink is also helping to bring more people to the Suffolk coast. The development project led by young people through the Young Producers Group, aims to support members and new start-ups, sharing knowledge and experience and promoting new businesses in the area. The group have now held the first Suffolk Young Producers Food Fair and link to the Aldeburgh Food & Drink Festival.

Work is now also taking place to develop an interactive food trail web platform, celebrating the best of the Suffolk coast to encourage visitors to explore undiscovered parts of east Suffolk. The map will enable people to create their own trail of places to visit and enjoy across the county.

A new volunteer tourism project run by Wild Days Conservation Holidays has been established and aims to link volunteering with holidaying opportunities along the Suffolk coast. Supported by Suffolk Coast & Heaths Area of Outstanding Natural Beauty (AONB), three holidays have now taken place in Dunwich, Orford and Walberswick and four more are planned for this year. The development of these holidays is part of a wider 'Volunteer Tourism' project to help both local volunteers and visitors to pass on their passion for the Suffolk coast.

This also links to the Suffolk Coast Greeters project to form the Volunteer Tourism Network which recruits volunteers to welcome visitors to the area who will share what they love, what they know and their personal experiences of the area.

All these projects are brought together to promote the area as a visitor destination by the Suffolk Coast website. Launched in April 2015 by the The Suffolk Coast Ltd Destination Management Organisation (DMO) and enhanced thanks to the funding received, the website showcases what the area has to offer to visitors and tourists with high profile PR campaigns, increased social media coverage as well as connecting and boosting the profile of a string of local businesses.

Walking is becoming a major draw for people visiting the Suffolk Coast leading to investment in the creation of four new walks and improved route marking to enable easier access to some of the coast's best loved areas. New walking guides have

also been developed for the four paths in Aldeburgh & Thorpeness, Rendlesham & Staverton, Sutton & Hollesley Heaths and Walberswick to enable people to navigate the routes easily and safely.

The Suffolk Coasts and Heaths Area of Outstanding Natural Beauty team are launching the newly renovated coast path in Walberswick on Friday 24 February, along with the collection of Outstanding Landscapes walks guides to link the best walks in the area. The team hope the improved path will encourage more visitors and residents to explore and discover more of the Suffolk Coast.

Launched the Exemplar Grant programme Suffolk Coastal District Council announced the launch of a new grant programme in October.

The Enabling Communities Exemplar Programme looks to assist community initiatives with grant funding to deliver new 'flagship' projects that will have a

significant impact on communities and tackle need in a sustainable way. Voluntary and community organisations can apply for grant assistance between £1,000 and £10,000 to help a specific project or activity across our communities at a ward or across multiple wards that need more funding than is available through the Enabling Communities Budgets.

To be eligible for funding, the project must be supported by the relevant Ward Councillor or the relevant Cabinet Member(s). The Exemplar Programme has no set deadlines, so you can apply at any time and a decision will be made within 8 weeks of Council Officers receiving your complete application.

There has been £132,000 of funding set aside to fund projects through this programme, which can be spent on costs to fund a new community project or help fund new community capital projects, please check grant criteria before applying.

The fund has been designed to be accessible, responsive to community need and more aligned with the Enabling Communities Budgets and contribute towards Council's Enabling Communities Strategy and Business Plan. Please get in touch: email grants@eastsoffolk.gov.uk or call 01394 444721. The Enabling Communities Budget is our other grant which continues to be very successful. Each Ward Councillor will have £6,500 to spend directly on new projects or community groups in their ward, as they see appropriate. If you are interested please contact your local Ward Councillor for more information on ECB's or the exemplar grants.

Held another successful Annual Forum

The East Suffolk Partnership's (ESP) annual Forum celebrated its biggest Forum to date in November and the theme was 'the future of east Suffolk' which attracted a wide variety of delegates from local businesses, Town and Parish councils, voluntary organisations, health services, the police, local councils, and education. The event focussed on providing a 'time out' from our continually changing world to look towards the future of east Suffolk and posed to delegates how to take advantage of the emerging opportunities and challenges.

The aim of the conference is to help build better partnership working in east Suffolk, allowing the delegates the opportunity to meet members of the East Suffolk Partnership Board and hear about progress in developing a collaborative approach to working across east Suffolk. Once again, the events will be supported by Suffolk Coastal and Waveney District Councils and the East of England LGA.

Made Car Park improvements

Work to Melton Riverside Car Park next to Melton Railway Station started in November and completed in January where we created 20 extra car parking spaces. The work completed by Kier Construction also involved doing a general clean-up of the picnic area, re-dressing the surface, increasing the total number of parking spaces to 50.

The Council hope the improved car park will provide better access for regular users of the Country Park and extra parking for those using the nearby facilities at the station and new district council offices, providing additional public parking at times of peak demand such major planning meetings.

Work is only weeks away from being completed at Thorpe Road car park in Aldeburgh where the work involves improving the drainage of the site and surface of the car park.

Reminded you to continue to test your smoke alarm

Residents in east Suffolk are being urged to test their smoke alarms today and then once per month.

According to recent research, only 28% of all UK households who own a smoke alarm test it on a regular basis. Having a working smoke alarm in your home gives you valuable time to get out of your home in the event of a fire. There were 229 fire-related deaths in the home last year and it is hoped that encouraging people to test their smoke alarms now and then monthly could prevent more deaths.

To help keep you and your loved ones safe:

- * Test your smoke alarm(s) today.
- * Make sure you fit smoke alarms on each level of your home and test them monthly – even if they're wired into the mains.
- * Never remove the battery in your smoke alarm unless you are replacing it.
- * Plan and practise an escape route and make sure everyone in your home knows the plan.
- * If you know of friends, family or neighbours who are unable to test their smoke alarms themselves, test it for them.

If you're a private landlord, you must fit at least one smoke alarm on each floor of the property you rent out. You must also fit a carbon monoxide alarm in any room with a solid fuel burner (eg a wood or coal-burning fireplace).

* You can be fined up to £5,000 if you fail to fit the required alarms.

* You must test every alarm at the start of a new tenancy. * You can download the fire safety regulations for landlords [here](#).

If you are a tenant in rented accommodation, your landlord is responsible for ensuring that there are working smoke alarms on every level of your home at the start of your tenancy. However, you are responsible for testing your alarms monthly and replacing the batteries where necessary.

In the event of a fire, get out, stay out and call 999. Visit www.gov.uk/firekills for more information.

New 'one stop shop' officially opened at Woodbridge Library

The new shared customer services facility in Woodbridge Library was officially opened today in May and allows us to provide better customer services to local people by dealing with more things at the first point of contact. By creating this 'one stop shop' for Suffolk Coastal services at Woodbridge Library our Customer Services Team can deal with a wide range of enquiries, including council tax, housing benefits, tourism and much more.

People can also be able to make appointments to see staff from other Council services, such as Planning.

Customers also benefit from services that the library provides including printing services, internet access and free WiFi.

Encouraging people to Switch your Council Tax to Direct Debit.

As part of a national campaign, Suffolk Coastal and Waveney District Councils are encouraging as many people as possible to pay their Council Tax by Direct Debit.

Direct Debit is the most convenient way to spread the cost across the year and gives you peace of mind that your bills will be paid on time, every time, with no missed payments. It really is the perfect way to stay in control of your bills.

Set up a Direct Debit with your bank and payments will be made automatically, meaning you will never forget to make that vital payment. But don't worry, you will stay in control as a Direct Debit can be cancelled at any time. What's more, everything is protected by the Direct Debit Guarantee – so you can be confident that you will get a full refund from your bank in the unlikely event that an error is made in the payment of your Direct Debit. It also helps councils protect public money by ensuring bills are paid on time and it reduces the time it takes for us to deal with payments which frees up resources for other vital services. To sign up, call our Customer Services team on 01394 444339 (Suffolk Coastal)

Brought in New powers to tackle fly-tipping

The Suffolk Waste Partnership continues to warn anyone thinking of dumping waste in the county that new powers came into force on 9th May that allow local authorities to issue Fixed Penalty Notices to any person found to have fly-tipped.

Any person issued one of the new Fixed Penalty Notices for fly-tipping would then have 14 days to comply by paying £200, which is reduced to £120 if paid within 10 days, though individual local authorities will have the power to fix the level of the penalty at up to £400.

Failure to comply with the notice may result in prosecution proceedings, which in the event of a conviction by a Magistrates Court can result in a maximum fine of £50,000 and / or a prison sentence of 6 months being imposed, with Crown Courts able to impose even steeper penalties of up to 5 years imprisonment and an unlimited fine.

Householders also have a legal duty of care to ensure that their waste does not end up being fly-tipped and can be prosecuted and fined up to £5,000 if convicted by a Court for failing to fulfil this duty. So to stay safe, always carry out the following SCRAP checks when arranging for your rubbish to be removed by anyone other than your local district or borough council:

- * Suspect - Beware of rogue waste carriers – reputable companies do not usually make direct approaches. If in any doubt as to whether someone is a legitimate waste carrier, do not allow them to take your waste.

- * Check - Ask for their waste carrier registration details. You can verify them by visiting the online register at <https://environment.data.gov.uk/public-register/view/search-waste-carriers-brokers> or by calling 03708 506 506. Note down the registration number of the vehicle used to take your waste away.

- * Refuse – Any unsolicited offers to have any rubbish taken away. Always carry out your own research and choose who you wish to approach.

- * Ask questions - Always ask what exactly is going to happen to your rubbish and seek evidence that it is going to be disposed of appropriately. A legitimate, professional waste carrier who wants your business should not object to being asked reasonable questions.

- * Paperwork - Make sure you get a proper receipt containing the written information for your waste. This should include what has been removed and where it will be going. Make sure the Company or tradesman's details are included.

If you see someone dumping rubbish, please report it to your local council along with any details that might help us to identify and trace those responsible, including the registration of any vehicle involved: 01394 444000

A county first – Created a digital map created for east Suffolk Work to create a digital map showing free PC and Wi-Fi locations in east Suffolk has now been completed – the first of its type in the County!

The map to help our customers find their nearest computer location has been created by Customer Services.

Points on the map include children's centres, libraries, Citizens Advice Bureaus and Jobcentres. Each icon provides detail on the level of service offered at each location such as free Wi-Fi and computer access as well as access to IT training and support.

<http://www.eastsuffolk.gov.uk/community/digital-map-for-east-suffolk/>

Suffolk Coastal launched a new noise service

As the weather starts to improve Suffolk Coastal's Environmental Protection Team is asking its local residents to spare a thought for their neighbours.

Around 40% of the population said that noise affects their quality of life with noise nuisance from pubs, clubs, barking dogs and loud music from neighbours proven to cause stress, loss of sleep and high blood pressure.

The Environmental Protection Team at Suffolk Coastal deals with around 500 complaints of noise nuisance each year, most of which occur during the summer months.

Officers can be contacted through Suffolk Coastal's weekend evening hotline on: 01502 527132. Noise complaints can also be reported during the normal working day by telephoning: 01502 562111.

Food Hygiene - Remember to ask 'where's the sticker?'

We are pleased that many food businesses across east Suffolk have been awarded the highest possible rating for food hygiene, however, we are reminding you to check the food hygiene rating sticker when choosing where to eat out.

The Food Hygiene Rating Scheme (FHRS) helps people make an informed choice about where to eat by highlighting restaurants, pubs and cafes with excellent food hygiene. Food businesses can display their black and green FHRS sticker advertising their current food safety rating. This gives an immediate insight into the kitchen and shows how seriously the business takes food hygiene.

All food businesses are checked by the Council's Food and Safety Team to ensure they are compliant with food hygiene law and so if a business is not displaying a FHRS sticker, it might be they have something to hide! Food businesses with poor food hygiene standards will have a rating of 0 (urgent improvement necessary), 1 (major improvement necessary) or 2 (improvement necessary).

People are encouraged to take food hygiene seriously when choosing where to eat and so if the FHRS sticker is not visible, always ask 'where's the sticker?' You can also check the rating of over 440,000 food businesses online at ratings.food.gov.uk.

All food businesses are capable of achieving the top FHRS rating of 5 (very good) and having a top rating can attract more customers. Food establishment owners

should make sure their FHS sticker is proudly on display on the door, the menu and in any advertising.

Food safety and hygiene training

To help businesses ensure that employees are trained, Waveney and Suffolk Coastal District Councils jointly run a nationally recognised one-day training course - the Chartered Institute of Environmental Health (CIEH) Level 2 Award in Food Safety in Catering. This qualification replaces the former Foundation and Basic courses.

This course is intended for anyone working in a catering or hospitality setting where food is prepared, cooked and served. Typical environments may include pubs, hotels, restaurants, contract catering, fast-food outlets, hospitals, care and nursing homes, schools, prisons and the armed forces.

The next dates for the CIEH Level 2 Award in Food Safety in Catering course are:

* 18 May at Riverside, Lowestoft

* 8 June at East Suffolk House, Melton

Anyone booking and paying for their course online will receive a 10% discount on the booking fee.

Landlords required to check 'right to rent'

As of last year private landlords were required to check whether new tenants have the 'Right to Rent'.

Right to Rent requires all private landlords, including anyone sub-letting or taking in lodgers, to carry out quick and simple checks on all new tenants to make sure they have the right to rent property in the country. Landlords need to check, and take copies of, identity documents for all new tenants. A wide range of documents can be used for the checks and the Government has worked closely with housing and homelessness charities to design a document list which can accommodate different individual circumstances. This includes where people do not have traditional identity documents such as a passport.

For more information about making the checks go to www.gov.uk/righttorentchecks.

Universal Credit

A new, single, benefit that incorporates Jobseekers Allowance, Income Support, Employment and Support Allowance, Housing Benefit, Working Tax Credit and Child Tax Credit. It was introduced at Lowestoft and Beccles Jobcentres in March 2015, however this initial phase of the roll out contained several 'gateway conditions' and only applied to single people that were 'non householders' (did not own a home or have a mortgage) and would have previously applied for Jobseekers Allowance. For general information on the changes go to: <https://www.gov.uk/universal-credit>.

Power cuts - Don't be left in the dark

There's a new number to call if you have a power cut.

When the power goes out, it can leave people feeling unsure about what to do. Research by Energy Networks Association found that 72% of people don't know who to contact during a power cut, with many wrongly thinking they should call the electricity supplier they pay their bill to.

105 aims to solve this problem, providing you with an easy-to-remember number that will put you through to your local electricity network operator - the company that manages the cables, wires and substations that bring electricity into local homes and businesses. 105 is a free service for people in England, Scotland and Wales, and you can call the number from most landlines and mobile phones. It doesn't matter who you choose to buy your electricity from - anyone can call 105.

You can also call 105 if you spot damage to electricity power lines and substations that could put you, or someone else, in danger. If there's a serious immediate risk, call the emergency services too. To find out more, visit powercut105.com.

Reminder to take care by the Coast & Flood warnings

Suffolk Coastal and Waveney District Councils are advising people to take extra care by the coast and to take extra care if they are out on the seafront, as the storms have made parts of the coastline unstable.

To keep up to date with any forecasts and flood warnings

<https://www.gov.uk/browse/environment-countryside/flooding-extreme-weather>

Flood warning information, as well as guidance about preparing for floods, can be obtained from the Environment Agency website. When exceptionally heavy rain is forecast, the Met Office will publish local weather warnings.

If you think you have been targeted by a scam, or know someone who has, then call Action Fraud on 0300 123 2040 or report it online. Action Fraud is the UK's national reporting centre for fraud and internet crime.

More info..

Love East Suffolk' returns for spring The 'Love East Suffolk' litter pick scheme is back for 2017 to encourage, enable and reward people to show some love for the environment we live in.

Last year the incentive based community litter pick scheme helped clean up over 7.6 tonnes of waste across Suffolk Coastal and Waveney whilst also giving groups funding to spend in their community.

In 2017 both Councils hope to encourage even more groups to take part – beating the 2,035 people who got involved during 2016.

To incentivise more groups of volunteers to help litter pick in East Suffolk, the Love East Suffolk scheme offers a £20 payment to all groups who register their litter pick to take place between 1 March to 31 May 2017.

All registered groups who carry out their pick during this period will also be entered into a prize draw, with prizes of £200 awarded to winning groups in each of five 'neighbourhood areas' in Suffolk Coastal and in each of four 'neighbourhood areas' in Waveney with funding once again provided by Norse. The scheme ties in with the Great British Spring Clean taking place 3 – 5 March which aims to bring together people from across the country to clean up litter that blights our towns, villages, countryside and coastline.

Both Suffolk Coastal Norse and Waveney Norse can provide volunteers with equipment including sacks, disposable gloves, to groups by booking online and will also arrange for gathered litter to be collected. Litter pick sticks, bag hoops, and green vests can also be loaned out, subject to availability. (book online: <https://eastsuffolk.firmstep.com/default.aspx/RenderForm/?F.Name=ow54YQdcfJw&HideToolbar=1>) more details on our website.

Further information:

All groups participating between 1 March and 31 May 2017 will receive £20 for their nominated community fund or charity, and will be entered into a £200 grand prize draw

To be eligible, all registered groups must submit a photo of their event and permit use of the photo for our publicity purposes.

All cash awards would be payable to a recognised charity or community group chosen by that team of volunteers.

Felixstowe to celebrate our Armed Forces

A celebratory event to show appreciation of the work of the Armed Forces is to be held in Felixstowe this year.

2017 marks the 350th anniversary of the Dutch attack on Landguard Fort in Felixstowe and to mark the occasion, and to recognise the huge contribution made by our servicemen and women from the past until the present day, Felixstowe has been chosen as the venue for Suffolk Armed Forces weekend.

A weekend of action-packed entertainment is planned for Saturday 24 and Sunday 25 June 2017 and plans to be a high profile, one off free event for all age groups.

There will be a unique package of entertainment including music from choirs and military bands to an evening of pop and rock, military displays, food stalls, children's activities and fireworks, and some thrilling battle re-enactments

between the Dutch and English with cannon, muskets and swords. All this by Felixstowe's fantastic seaside with all that has to offer as well!

We're very excited about hosting Suffolk Armed Forces Day in Felixstowe. We hope the weekend will raise public awareness of the contribution made to our country by those who serve and have served in Her Majesty's Armed Forces as not many people, locally or nationally know that Felixstowe played an important role in the history of our nation. We're proud to be bringing together the community, armed forces personnel, their families and service veterans for this celebratory weekend that is set to be the biggest Armed Forces event in the region. This important event puts Felixstowe on centre stage and promises to bring history to life for all the family and is a fantastic opportunity for us to showcase what we have to offer.

The event is being organised in partnership by organisations including the Suffolk Armed Forces Covenant Group, the Landguard Fort Trust, Royal Marines Association and Royal British Legion, with assistance from local authorities and military units.

To make this an event we can all be proud of we need the support of businesses, organisations and individuals who understand and value our armed forces, our community and our history.

If you would like to talk more about how you could be involved, please feel free to give our project officer Paul Grant a ring on 07850 427928, or email: paul.grant@eastsuffolk.gov.uk

Scam warning to residents

Unfortunately we have reported about scams and frauds a lot over the year and we are continuing all residents to remain vigilant following reports of possible scam attempts.

April/May update

This message is being broadcast on behalf of Action Fraud

Following the ransomware cyber attack on Friday 12 May which affected the NHS and is believed to have affected other organisations globally, the City of London Police's National Fraud Intelligence Bureau has issued an alert urging both individuals and businesses to follow protection advice immediately and in the coming days.

Ransomware is a form of malicious software (Malware) that enables cyber criminals to remotely lock down files on your computer or mobile device. Criminals will use ransomware to extort money from you (a ransom), before they restore access to your files. There are many ways that ransomware can infect your device, whether it be a link to a malicious website in an unsolicited email, or through a security vulnerability in a piece of software you use.

Key Protect messages for businesses to protect themselves from ransomware:

- Install system and application updates on all devices as soon as they become available.
- Install anti-virus software on all devices and keep it updated.

- Create regular backups of your important files to a device that isn't left connected to your network as any malware infection could spread to that too.

The National Cyber Security Centre's technical guidance includes specific software patches to use that will prevent uninfected computers on your network from becoming infected with the "WannaCry"

Ransomware: <https://www.ncsc.gov.uk/guidance/ransomware-latest-ncsc-guidance>

For additional in-depth technical guidance on how to protect your organisation from ransomware, details can be found

here: <https://www.ncsc.gov.uk/guidance/protecting-your-organisation-ransomware>

Key Protect advice for individuals:

- Install system and application updates on all devices as soon as they become available.
- Install anti-virus software on all devices and keep it updated.
- Create regular backups of your important files to a device (such as an external hard drive or memory stick) that isn't left connected to your computer as any malware infection could spread to that too.
- Only install apps from official app stores, such as Google's Play Store, or Apple's App Store as they offer better levels of protection than some 3rd party stores. Jailbreaking, rooting, or disabling any of the default security features of your device will make it more susceptible to malware infections.

Phishing/smishing

Fraudsters may exploit this high profile incident and use it as part of phishing/smishing campaigns. We urge people to be cautious if they receive any unsolicited communications from the NHS. The protect advice for that is the following:

- An email address can be spoofed. Don't open attachments or click on the links within any unsolicited emails you receive, and never respond to emails that ask for your personal or financial details.
- The sender's name and number in a text message can be spoofed, so even if the message appears to be from an organisation you know of, you should still exercise caution, particularly if the texts are asking you to click on a link or call a number.

Don't disclose your personal or financial details during a cold call, and remember that the police and banks will never ring you and ask you to verify your PIN, withdraw your cash, or transfer your money to another "safe" account.

If you have been a victim of fraud or cyber crime, please report it to Action Fraud at <http://www.actionfraud.police.uk/>

And another: On behalf of Suffolk Trading Standards:

We've had many reports of traders going door to door across the County offering to sell chainsaws and generators. Reports have been received in Ipswich, Stowmarket and Beccles.

Please be especially cautious of any individual who approaches you and offers to sell you something at an incredibly reduced price.

Trust your instincts – If it sounds too good to be true, it probably is!

Anyone who is offered goods for sale out the back of a van, by a person who approaches them in the street, or uninvited at the doorstep, should be highly suspicious. Goods sold in this way may be stolen, counterfeit, unsafe or simply overpriced.

Our advice is simply never to deal with traders in this way.
Help us keep our communities safe by reporting any suspicious activity.

Please use the following link to pass useful information to Suffolk Police about any incident.

<https://www.suffolk.police.uk/contact-us/report-something/report-crime>

DO NOT USE THIS IN AN EMERGENCY OR IN A SITUATION THAT REQUIRES AN IMMEDIATE POLICE RESPONSE WHEN YOU SHOULD RING 999.

To report information anonymously on any crime, contact Crimestoppers on 0800 555 111.

Crime reduction advice can be accessed via the Suffolk Constabulary website <http://www.suffolk.police.uk/advice/crime-prevention-z>

Register to vote <https://www.gov.uk/register-to-vote>

Use this service to apply to register to vote or to:
update your name, address or other details on the electoral register
change your voting preferences, for example to vote in person or by post
change whether you're on the open register

It usually takes about 5 minutes.

This service is also available in Welsh (Cymraeg).

You may need the following, if you have them:

- your National Insurance number
- your passport if you're a British citizen living abroad

You need to be on the electoral register to vote in elections and referendums.

To vote in the General Election on 8 June, you need to register by 11:59pm on 22 May. You don't need to register again if you've already registered.

There is more information and a list of elections taking place in your area on: **www.aboutmyvote.co.uk**

Community-Led Housing through the Community Housing Fund

Suffolk Coastal District Council has been designated funding from Central Government through the Community Housing Fund, aimed at supporting community-led housing developments in areas where the impact of second homes is particularly acute. The fund of £1,524,473 will enable local community groups deliver affordable housing units of mixed tenure on sites which are likely to be of little interest to mainstream housebuilders and will thereby contribute to the overall national effort to boost housing supply. Aldeburgh and surrounding parishes are areas that this funding is aiming to support. This funding would be available for CLTs (Community Land Trusts) to bid for.

Community Land Trusts are a form of governance structure which can develop community led housing, where a local organisation is set up and run by ordinary local people to develop and manage homes. The CLT's main task is to make sure these homes are genuinely affordable, based on what people actually earn in their area, and that they remain affordable for every future occupier.

Tour of Britain comes to Suffolk Coastal

The country's top road cycling event is returning to the county – with a large part of one stage taking place in Suffolk Coastal.

Stage Six of Britain's premier road cycling race, the OVO Energy Tour of Britain, will take place entirely within Suffolk, a first for the county, on Friday, 8 September.

The 183-kilometre stage starts in Newmarket, then heads east across the county, heading east from Newmarket to the finish in the centre of Aldeburgh, on the Suffolk Coast, with the race again sponsored by Suffolk brewer, Adnams.

It will snake round the roads of Suffolk Coastal, visiting towns such as Framlingham, Woodbridge, Saxmundham, Leiston, as well as many of the villages in between, before finishing in Aldeburgh.

This is a major coup for the county and Suffolk Coastal, and builds on the good work of the Women's Cycling Tour in recent years. The event attracts the world's top professional cyclists and puts Suffolk Coastal in the world's eye with extensive media coverage.

Suffolk Coastal District Council, said: "We are delighted to see cycling returning to east Suffolk and Aldeburgh this September! Cycling has been very much on the agenda in the District since we hosted the stage finish of The Women's Tour in 2015 and hosting The Tour of Britain gives us a real opportunity to showcase Suffolk Coastal as a fantastic tourist destination, with the route travelling through the majority of our district.

Not only does The Tour bring great economic and tourism benefits, it importantly also reflects our ambitions to inspire more people to get involved in sport and encourage healthy living. We will be building on the success of 2014 to make this year an even bigger celebration of sport and sporting excellence."

Suffolk has hosted Starts or Finishes of the OVO Energy Tour of Britain on four occasions since 2010, but this will mark the first time that the county has hosted both a Start, Finish and the entire route of a leg within its borders.

Suffolk Armed Forces Weekend 2017 – Volunteers Needed: Volunteers are needed to help say ‘Thank You’ to our armed forces – past and present.

Suffolk Armed Forces Weekend 2017, which is being hosted this year by Suffolk Coastal District Council, is being staged in Felixstowe on Saturday and Sunday, 24 and 25 June.

The action-packed weekend will recognise the huge contribution made by our servicemen and women from the past until the present day – it will also mark the 350th anniversary of the Dutch attack on Landguard Fort.

This historic event was the last time there was an attempted invasion of England, where foreign troops actually successfully landed on English soil – for details see: <http://www.visitfelixstowe.org.uk/assets/Documents/Darells-Day.pdf>

However, to make the weekend a success, we need to recruit our own army....of volunteers!

Volunteers are needed to help out with various roles and activities over the two days, including welcoming our VIP’s, visitors and families from the Armed Forces, plus you get to experience this spectacular event first-hand. No previous experience or training is required!

The full details of the programme are still being finalised – but the action-packed weekend will include: Live music from choirs and military bands to an evening of pop and rock, military displays, food stalls, children's activities and fireworks, an air display, plus some thrilling battle re-enactments between the Dutch and English with cannon, muskets and swords, and lots, lots more.

For further details on becoming a volunteer, please contact Felixstowe Forward on 01394 444577 - or email felixstowe.forward@eastssuffolk.gov.uk For event details see: www.visitfelixstowe.org.uk/what-s-on/suffolk-armed-forces-weekend

The Suffolk Armed Forces Weekend is a county event, which is being hosted by Suffolk Coastal District Council and being held in Felixstowe.

This is a community event, which is being supported by a variety of organisations such as the Royal British Legion, Felixstowe Town Council, Suffolk County Council, Landguard Fort Trust and the Royal Marine Association, as well as Suffolk Coastal District Council.

Open-air cinema in Felixstowe: Felixstowe’s newly created Beachside Events Area is to host an open-air cinema during the summer holidays.

On Saturday 29 July, a day is being dedicated to films for all the family to enjoy on the seafront – and we are looking for suggestions for which films to show!

The free, one-day event is being supported by the Felixstowe Town Council's Youth Forum which has provided £2,000 funding.

The films need to be suitable to be shown to children in the morning, young people in the afternoon and adults in the evening. All films should be PG and suitable for all ages. Film ideas should be sent to: communications@eastsuffolk.gov.uk

Work to create the multi-use Beachside Events Area was completed in September and since then has been used to host a number of local events.

I hope you find this briefing useful. If you need any further information on any of the items included in this briefing, please contact me or the relevant Cabinet Member.

Leiston to benefit from Social Prescribing pilot

Suffolk Coastal has successfully received £35,000 in funding to help deliver an innovative health project in Leiston.

A new social prescribing pilot is to be delivered in the town to help give people with long term health conditions non-medical support from the local community.

The funding comes from the Department for Communities and Local Government's Community Fund, launched in late 2016 and is one of only 54 projects to benefit from the funding nationally.

The aim for the project is to reduce the pressure on GP surgeries and A&E services by encouraging people to think of alternative self support through engagement with community groups, rather than visiting their doctor and discovering the holistic types of care available from appropriate registered health professionals and organisations as well as groups within the local community.

The project builds on the success of a similar project in Lowestoft and will assess the impact that this type of service would have in a more rural area.

The type of support that is being promoted includes alternatives for drug and alcohol dependency, mental health issues, domestic violence and health improvement. Community support may also include Men's sheds, knit and natter groups, lunch clubs, choirs, keep fit groups, diabetes support network and volunteering, as well as any other group that helps to address loneliness and isolation and improve community network support.

Suffolk Coastal District Council, said: "We've already held an event in Leiston with the wider community to encourage people to think of alternatives to medical care to support them to manage their long-term health conditions. The Leiston surgery and GP is very supportive of a social prescribing approach and is already fully engaged with the Anti-Social Behaviour work taking place in Leiston. We hope with this funding, we can start to get people thinking about alternatives to visiting their doctor and by doing so, help them to take more ownership and control over their own health."

Dr Imran Qureshi, GP at the Leiston Surgery, said: “The Leiston Surgery welcomes the introduction of this social prescribing pilot and believe it is a really positive development that will improve the health and wellbeing of local people.

“Its introduction will help people in Leiston access the most appropriate help for their needs. The services of family doctors will still be available, but now there will be better signposting to other local projects which will support people, address their needs and give them the opportunity to get the best out of life.”

New partnership seeks Independent Chair

The newly formed partnership for Leiston, Leiston Together, is looking for an Independent Chair to lead its Partnership Board.

Leiston Together was formed in November 2016 through support from the the Department for Communities and Local Government's, (DCLG) Coastal Communities Fund to create a Coastal Community Team in the town. The partnership aims to regenerate the town to improve the lives of local people, businesses and community groups.

The partnership meets to use its influence and resources to enable the delivery of four key priorities in the community of Leiston. These focus on town centre regeneration, young people, business and enterprise and health and wellbeing.

This voluntary role, initially for 12 months, is centred on leading the Board to ensure these four priorities are delivered.

The board meets on a bi-monthly basis and is currently represented by Suffolk Coastal District Council, Leiston Town Council and the Leiston and District Community Partnership. As the delivery work progresses it is hoped membership of the board will increase to involve partners including Suffolk County Council, Community Action Suffolk and other community partners.

Nominations from individuals with experience of using an asset based, community enabling and capacity building approach and a track record of supporting groups/organisations to work in partnership will be welcomed. The right individual will have the commitment, experience and energy to harness local skills and enthusiasm in order to deliver more through working in partnership.

Leiston Change Manager, said: “There's lots of positive things happening in Leiston at the moment and we hope with the new partnership we can harness this positivity to make the town a better place for everyone including local people, businesses and community groups. “I'm excited to see this new partnership coming together which aims to regenerate the town and as change manager, my new role is key to facilitating the delivery of these priorities in Leiston. “We're looking for individuals with experience in leading partnerships to help us lead Leiston's key priorities. If you have experience working in the community and a track record of supporting groups or organisations we would love to hear from you.”

Interested individuals are invited to apply by sending a CV, covering letter and two relevant references by Wednesday 31 May.

Leiston Together Board members will select the Independent Chair on Wednesday 21 June 2017.

For further information and to apply, please contact: Elspeth.gibson@eastsuffolk.gov.uk

Be water aware

Suffolk Fire and Rescue Service has joined a call by UK fire chiefs to raise awareness of the dangers of everyday activities near water after statistics show nearly 50% of people who accidentally drown in the UK never intend to enter the water.

The National Fire Chiefs Council (NFCC) Water Safety and Drowning Prevention campaign, 'Be Water Aware', is running from April 24 – April 30 and is being supported by fire and rescue services throughout the UK. Latest statistics show that in 2015, 321 people died after tripping, falling or simply underestimating the risks associated with being near water.

NFCC Water Safety Lead, Dawn Whittaker, said:

“Most people would be shocked to hear that those people drowning just happen to be near water such as runners, walkers and fisherman.

“They are unaware of the risks and are totally unprepared for the scenario of ending up in the water. By highlighting this issue and making sure simple safety messages reach them we hope to reduce the number of these needless deaths.

“The fire service has successfully reduced the number of fire deaths by focussing on prevention work and now we must apply the same principle to tackling drowning. Response is not enough - we must prevent drownings.”

Fire and rescue services will be giving advice to people on what they should look out for and how to change their behaviour to minimise their risk of becoming one of these statistics. Messages will be posted on social media using the hashtag #BeWaterAware and people are encouraged to share the posts to spread the message.

Suffolk Fire and Rescue Service are supporting the campaign this week and operational crews will integrate a prevention message into their educational work from this week and throughout the summer months. Zena Williams' brother Matt Dunnett died in June 2015 after he jumped into cold water at Alton Water. She has given her support to the week-long campaign to attempt to prevent such incidents happening again in the county.

Miss Williams said:

“These tragedies can happen to anyone, regardless of their swimming ability. I would urge people to take time to think of the dangers of water before putting themselves, and others, at risk.”

Suffolk Fire and Rescue Service’s Chief Fire Officer, Mark Hardingham, said:

“Everyone at Suffolk Fire and Rescue Service sends their thanks to Zena for supporting this campaign.

“By sharing safety messages during the week and attempting to educate those in Suffolk about the hidden dangers of water, I hope we can make a reduction in the numbers of those drowning not just in our county, but across the UK as well.”

Sign up for the East Suffolk food trail

Food businesses in east Suffolk can now become part of a new food tourism trail.

The ‘East Suffolk Food and Drink Trails’ website, developed by Suffolk Coastal and Waveney District Councils and supported through Defra funding, is now live.

Independent food and drink producers, cafés, restaurants and other food-related businesses in the local area are encouraged to sign up to become part of this exciting new trail.

Developed using a Defra ‘Championing Food Tourism’ grant of £22,000, the platform will celebrate local food and drink businesses and encourage visitors to explore undiscovered parts of east Suffolk.

Visitors can create their own personal trail of discovery around the local area before they arrive, selecting places to stay and eat as well as things to do from a diverse selection of participating businesses. Trails can be named, saved and shared on social media. Businesses can also create their own trails, which are featured on the Aldeburgh Food and Drink Festival and Suffolk Coast websites.

A spokesperson for Suffolk Coastal and Waveney District Councils said: “East Suffolk has an incredible selection of independent food and drink producers, shops, cafés and restaurants and we want to share these ‘hidden gems’ with the rest of the world. This is a great opportunity to promote local food businesses whilst encouraging people to visit, and fall in love with, our local area.”

To register your business for free, please visit www.suffolkfoodanddrinktrails.co.uk or email jess@thesuffolkcoast.co.uk.

You can also follow the East Suffolk Food Trails on Twitter and Instagram.

4G

We have also been asked to let you know that new 4G services have recently launched in the area. An organisation, at800, was set up under Government

direction to provide free assistance to constituents experiencing Freeview interference as a result.

Please encourage anyone experiencing new interference to their TV, such as the picture freezing or loss of sound, to contact us for free on 0808 1313 800, or via their website www.at800.tv. They will check whether the issue could be due to 4G mobile signals, and if so, provide appropriate support.

For residents in flats or communal buildings, we provide landlords or property managers with support to resolve the problem. Cable or satellite TV is not affected. In homes with these services that also watch Freeview, we can provide a free filter to fit to the TV and advice, but do not offer in-home engineer support.

And Finally, sadly we have been asked to make people aware about: **a dangerous new game that has hit social media.**

The following has originated from a Police Safer Schools Officer in Leeds and an alert from Derbyshire Police for issue.

The Blue Whale game is a dangerous game that is popular at the moment in Russia and spreading across Eastern Europe.

The game is played online and spreads through social media.

Players are appointed a "master/teacher" and these "masters/teachers" challenge the players in stages, to tattoo a Blue Whale somewhere on the body, usually the arm or the leg. As the game goes on the players are encouraged to self-harm and the final challenge is to commit suicide.

All these actions have to be filmed and shared via social media to the so called "master/teacher". The game is being played by children of all ages, some as young as primary age, but predominantly by teenagers.

Parking in Leiston

We have been told that regular users of the main co-op car park can register their car number plate in case they ever forget to register it on arrival to the store/post office. Please see Customer Services within the store for more details.

Our out of hours noise reporting service is now open again for the summer on Fri + Sat evenings between 8pm-1am: (<http://buff.ly/2pqB1rj>) Tel: 01502 527132

As always, please don't hesitate to get in touch if we can be of assistance.

TJ & Maureen
